Aker Clean Hydrogen aims to develop, build, own and operate clean hydrogen production on an industrial scale. Aker Horizons is the majority shareholder of the company, and Aker Clean Hydrogen uses domain expertise across the Aker Group, including systems integration, engineering, technology development, project implementation, digitization and financial optimization to increase efficiency and reduce project costs. The company aims to reach a net installed capacity of 5 GW by 2030 and will make a major contribution to realizing the hydrogen industry and reducing greenhouse gas emissions globally. www.akercleanhydrogen.com
